

Dear Family and Friends,

Greetings! I pray that this letter finds you and your family well. I am in my senior year of high school at Livingstone Adventist Academy and will graduate in June of 2024. Since 2005, the graduating classes at Livingstone have taken their senior class trips in ways that serve others. Since 2009, these service trips have taken place in southern Costa Rica on the Osa Peninsula. My class is following this tradition. Before and during our Spring Break of 2024 we will continue to work alongside the Costa Rican SDA church community of La Mona (near Golfito) to continue the development of an Adventist outreach and ministry center that was started in 2009 by previous Senior Classes.

While in Costa Rica, we plan to divide our time between community outreach, assisting the local members in continuing the building and refurbishing of their facilities and sharing testimonies with the local people (as well as practicing our Spanish). This is a tremendous opportunity for us to share our Christian faith with others who live in an environment and culture that is different from what we are accustomed to.

The trip is funded through donations and class fundraisers. This year, we are running various class fundraisers that will cover part of our costs; however, I am responsible for raising \$2100.00 by February 2024 to make this trip a reality. Any monies raised above my share go towards the service trip fund for this year and future years.

I am excited about the opportunity to serve and minister, and I ask you to join me in ministry. I am seeking your support and prayers for this service trip. If you can financially assist please make your check out to "Livingstone Adventist Academy". Your donation is tax-deductible as you do not place my name on the check. Simply write "Senior Service Trip" on the check. If you would prefer the option of paying by credit card over the phone, please call Mrs. Ortega at front desk at 503-363-9408.

Whether you can help financially or not, I would like to have your prayers for a successful trip. This will impact me for the rest of my life, and I want God to use me so that I may glorify Him.

Thank you for your support,
Jed Harness
